

## SEND A POSTCARD TO SPACE! Follow these instructions:

**STEP 1:** Fill in this quick [registration form](#) to receive updates on the journey of your postcard!

**STEP 2:** Buy a plain post card from your nearest post office or stationery shop. You could even make one at home! Just make sure to use thick card paper and cut it in the dimensions **14x9 cms**.

**STEP 3:** On one side of the postcard, tell us why **EARTH NEEDS SPACE**. Draw, paint or write your vision!

**STEP 4:** On the other side of the postcard, write your name and complete postal address along with the **PIN CODE**.

**STEP 5:** While we're bearing major costs for transporting your postcard, we would request you to pay INR 55 for return charges. This will ensure that the postcard reaches you safely through our delivery partners.

Payment Link:

<https://rzp.io/l/isfpostcardprogram>

**STEP 6:** Once your payment is processed, you will receive a payment ID on your e-mail. Please mention it on your postcard.

**STEP 7:** Place your postcard in an envelope and using any delivery/postal/courier service, send your postcard to our centre.

Address on envelope:

To,  
Aspiring Minds,  
Plot no. 323, Udyog Vihar, Phase 2, Gurgaon,  
Haryana, India - 122016.

Note: If you wish to send multiple postcards (along with your family or friends), place them in a large envelope and mail them to us!

**STEP 8:** Sit back and relax! We'll keep you updated on the journey of your postcard...as it is placed on the New Shepard rocket and launched into space!

Once the booster returns back to earth, we will stamp your postcards and return them to your homes!

The deadline for the postcards to reach our center in Gurgaon is 15th December, 2020. We will not be accepting any postcards after the deadline, so please send your postcards well in advance.
